

Letter on the CCF / Solidarity with the FAI-IRF

To all Revolutionary prisoners and Anarchist comrades:

After my imprisonment in 1988 for armed robberies in California, I became politicized through participation in the 1991 Folsom Prison Hunger Strike. After more than a decade in solitary confinement in Pelican Bay SHU, where interacted with members of the Black Guerrilla Family (BGF), Aryan Brotherhood (AB), and Mexican Mafia (EME), I had become deeply involved in political struggle with the prison abolition movement. I was convicted for Prisoner Resistance actions in two 1995 attacks on an Associate warden at New Folsom state prison and a Sacramento District Attorney prosecutor in the courthouse, I was beaten and tortured in multiple 'cell extractions' by armed teams of pigs. I was sentenced to multiple 25 years-to-life terms in state prison.

In 2006, I 'came out' as a trans woman and joined a Maoist Faction, in 2011 – I was participant in the California prisoner Hunger Strike Solidarity action to abolish solitary confinement torture.

Now, I am an insurrectionist Amazon and want to express my general solidarity with the Conspiracy of Cells of Fire (CCF), and FAI-IRF actions in Greece and throughout Europe. To all revolutionary political prisoners, a clenched Fist salute! We will tear down these prisons from the inside out. I support and encourage all armed actions and explosive attacks against the state and all pigs. I salute all my comrades and support Black December!

I stand against all the authority of the corrupt and oppressive state apparatus.
